VIDEO SURVEILLANCE SYSTEM

525.1 PURPOSE AND SCOPE

The Thurston County Sheriff’s Office Corrections Bureau will maintain a Video Surveillance System and establish guidelines for the use of it by members, for the purpose of observing members, inmates, the community, and the facilities, in an effort to ensure the safety and security of all aforementioned.

525.2 POLICY

The video surveillance system is to be used solely for the purpose of monitoring security and for business use. Improper use of the system may result in disciplinary action and/or loss of access rights to the system. Monitors and personal computers which allow members to view live streaming video and recorded video footage will be located in designated locations throughout the Thurston County Corrections Facility (TCCF). Video footage is retained for 60 days.
